LOCAL AND PERSONAL.

The Ritcher Hotel is shortly to undergo a general renovation and repair. A new metal roof will take place of the present shingle roof, the building will be raised, a gallery will be built on the east end, and cement walks will be substituted for the present lumber walks, the cement walks to be placed all around the buildings. Renovations will be begun as soon as workmen can be procured, and when completed will add much to the comfort and convenience of this popular hotel.

Mr. Jacob Reilly backs his faith in the Anvil Herald by moving his date to '26. By that time Mrs. Ferguson will have nearly served out her term of office as governor and we will be trying to elect her successor. Sam Moore paid us his annual date-moving visit Saturday, and left us richer financially by his call.

Miss Willa Mae Games returned from Lockhart last Sunday evening, where for two weeks she had been the guest of her sister, Mrs. Arthur Wiede. Miss Willa reports a great time while away visiting the fairs at both Austin and Gonzales, and of course she took in the Lockhart fair.

W. H. Windrow sends the Anvil-Herald to his two boys, Tony M. Windrow, a student in the Schriener Institute at Kerrville, and Henry Z. Windrow, a student in the State University School of Pharmacy at Galveston.

# FUNDAMENTAL REVELATION in DRAMATIC SYMBOL

By Rev. J. T. Horger.

No. XVIII.

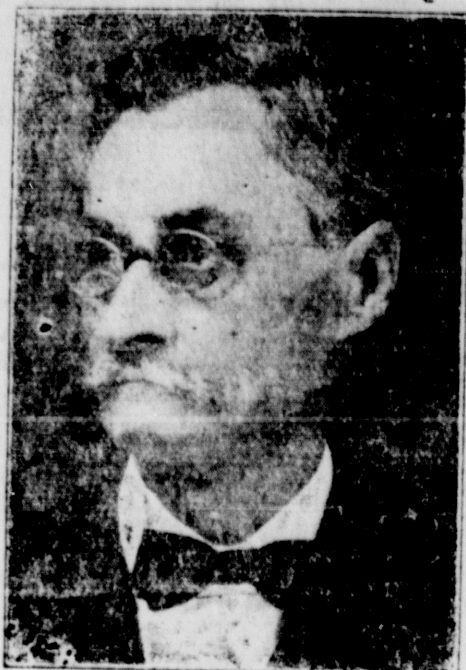

## "OUT OF EGYPT, THROUGH THE WILDERNESS, INTO CANAAN."

The above Three clauses represent the Journey of the children of Israel from Egyptian bondage, into their promised possession, the HOLY LAND. According to St. Paul "These things happened unto them for ensamples, and are written for our admonition." See 1st. Cor. 10: 1-11. That is, this, whole incident, covering over five hundred years from the time that the twelve sons of Jacob and their families went down into Egypt until they had conquered and possessed the promised land, is a Symbolic drama, illustrating the Experience of an individual soul, from the earliest dawn of its probation until it has received the gift of the Holy Ghost in His Sanctifying power, and the soul is established in Holiness and true righteousness. Again we call attention to these THREE divisions of their ONE Journey, corresponds to the THREE persons in the God-head, and the THREE constituent elements of man; namely BODY, INTELLECT and SPIRIT, and also tallies with the THREE dispensations, in giving the Bible, plan of salvation to a lost world, and with great clearness it sets out the fact that it takes THREE dispensations, through which the soul must pass in order to complete redemption. We have already written an article on the first clause,—"OUT OF EGYPT"—showing that the deliverance of the Children of Israel out of Egyptian bondage, is a God-given dramatic symbol of the conversion of a sinner. We have also written another article, on the second clause—"THROUGH THE WILDERNESS"—settling forth experience and life of the Israelites, as God's own Symbolic illustration of the experience and spiritual life of the MERELY regenerate Child of God. We grant that the defects and shortcomings of their wilderness life was very great, and numerous, but not more so than that of the average life of the child of God that has not been sanctified. However, just here, permit me to say that a very large per cent of people who belong to the various churches, evidently have NEVER BEEN CONVERTED, and are making no effort to live a SPIRITUAL life, but are only trying to live a respectable moral life, as is commonly demanded among men. Such people have no spiritual trials and tribulations because they are strangers to spiritual struggles and soul travail.

We note that it was only about two years after the children of Israel were converted at the Red Sea, when they had gotten in sight of the promised land, the God given type of time, Sanctification and life of Holiness; and at that time God bade them go over and possess the land at once. This shows that the Lord would not have His people to wander a long time in the wilderness of the regenerate life, but shortly after one is truly born of the Spirit He would have them go on into entire sanctification by the instantaneous Baptism of the Holy Ghost and fire, which is "the promise of the Father" to His children. But many, very many, of those who are really born of the spirit, like the Israelites, fail to believe touching their possession of this particular work of Grace, reject their inheritance and wonder many weary long years in the wilderness life of mere regeneration. Too often preachers and leaders will neither go in, nor let others who want to, go in. If the reader should feel that the children of Israel failing to enter Canaan when first bidden, is not a God appointed type of His children being called to enter into that perfect Rest of Sanctifying Grace, then turn to the third and fourth chapters of the Hebrew Epistle, and there you will find the Apostle exhorting, those who according to the latter part of the 5th chapter, were already babes in Christ to enter into the Saint's Rest," repeatedly calling their attention that the Israelites failed to enter in to their rest because of unbelief. It is evident that the Apostle saw in Canaan a type of the perfect rest and peace which can only come to the heart of God's children by the Baptism of the Holy Ghost and fire, entirely cleansing the soul from all sin and filling it with all the fullness of God. But we note that Moses was then in charge of the children of Israel, and being the Lawgiver, He was a type and representative of the Law dispensation, which St. Paul tells us was to bring us to Christ, who, John the Baptist said would lead us into the Baptism of the Holy Ghost and which establishes us in that soul Rest of Holiness, of which the land of Canaan was a type. Therefore, it was not meet that Moses should lead the children of Israel into the Holy land; but that he should bring them to Joshua, whose name meant Jesus, evidently a type of Christ; and therefore the God-appointed one to lead the Israelites into their inheritance, the Holy Land, thus symbolizing Christ as He lead the one hundred and twenty into their inheritance, the Baptism of the Holy Ghost, which purified their hearts and filled them with all the fullness of God. In like manner, when the soul is truly born of the Spirit, it then and there receives Jesus, who is ordained of God the Father to lead it into entire Sanctification, of which Canaan was a type.

Oh, how true and accurate, grand and glorious are these old Testament dramatic symbols of the ways of Salvation! Now the Lord God had prepared every feature of this whole drama that it might set forth the manner and process by which the true believer in Christ might be wholly sanctified. Joshua, representing Jesus, now being in charge of the Israelites, who was again, after thirty-eight years of wandering, in sight of the promised Land, commanded the people to sanctify them-

## COMPLETES SERIES OF ARTICLES.

REV. J. T. HORGER,  
The Author.

After considerable delay and much labor, this paper has at last redeemed its promise to Rev. Horger to publish for him a series of articles from his pen dealing with the subject nearest his heart—the Biblical Plan of Salvation of the human soul.

The articles represent a vast amount of thought on the part of their author, they have treated the subject exhaustively, thoroughly, and had the series come from a man with a double D tacked on to his name and backed by some popular school they would be proclaimed—what they are—a masterpiece of theological literature.

As it is, Rev. Horger must content himself largely with the reward of a conscientious labor of love well performed.

If spared to complete the work of revising and polishing the series into a book manuscript, as is his purpose, we wish him the well merited success with it that such a labor deserves.

—EDITOR.

an of perfect love, the experience of sanctification and life Holiness, of which Canaan was God's chosen symbol.

Joshua therefore commanded that they sanctify themselves, preparatory for this miraculous transaction. And also told them that when they saw the ark of the covenant, type of the word of God, the Bible borne by the priest, type of the Preacher of the Gospel, bearing the gospel of sanctification, then ye shall go after it. Here we learn, that God would have the preachers to take the Holy Scriptures and lead His Children into their promised inheritance, the sanctifying and enduring Power of the Holy Ghost. Those priests were to continue until their feet had broken the edge of the raging muddy waters, yea, until they stood in the midst of the stream. Let me say just here, if our preachers of the different churches, had thus lead God's children for the last forty years, since the modern Holiness movement first started, that their congregations would not have been, cold, listless, lifeless and dead, as many are today. We note that when the priest thus leading entered the river's bank, that the waters parted and while the priest stood in the middle of Jordan, the people passed over dry shod. But before we pass on, we note that when Joshua directed the priest to lead the way across Jordan, that he also directed the people saying there should be a space of about two thousand cubits—a thousand yards—between them and the priest bearing the ark that they might see their way clearly, saying, "for ye have not passed THIS WAY HERETOFORE." Many of them had crossed the Red Sea of Justification, but none of them had crossed Jordan, significant of their Sanctification. So it is. Our preachers are required of Jehovah to go ahead and to preach and teach the word touching the gift of the Holy Ghost in His Pentecostal Sanctifying power that God's children might see their way clearly to follow the word proclaimed by their pastors and Evangelists into the Baptism of the Holy Ghost; which the land of Canaan symbolized. Now my dear Brothers and sisters in Christ, every regenerate child of God is just as truly and just as surely commanded to go into the experience of Sanctification and live the life of Holiness, as the Israelites were commanded to go into Canaan. The Scriptures say: "This is the will of God, even your sanctification." "Be ye Holy, for I am Holy." "Without Holiness, no man shall see the Lord."

honey, Figs, grapes pomegranates and olive oil abounded. Also bubbling springs and sparkling streams of pure water were on every hand. Oh, what a transition had taken place in their lives, symbolizing the transformation made by sanctification. Now, God had given to Abraham the ordinance of circumcision a type of the act of the Holy Ghost in taking away the unclean propensities of the heart by sanctifying and cleansing the soul from all sinful proclivities. And during their forty years wandering in the wilderness—regenerate life—they very naturally had neglected to keep up this type of the negative phase of sanctification. But now, having crossed Jordan, symbolizing the act of sanctification, and having entered Canaan, a type of the Holy life, it was perfectly in place that they should again remember the ordinance of circumcision. Therefore, Joshua, a type of Jesus, commanded that the people all be circumcised, which was promptly done, that they might be a clean people in a holy land. Now that they had entered the holy land, a symbol of what Mr. Wesley was pleased to call "Christian perfection" and that which St. John calls "Perfect love," therefore, the Lord gave them still other symbols, it appears, to forever fasten upon the minds of all generations to come, the thoroughness, completeness and perfection of the state of Grace which the land of Canaan represented.

Now listen. The material Creation was a figurative expression of the Re-creation of the believing part of the race in Christ. The number "SEVEN" was chosen of God, to signify completeness in Spiritual things. It will be observed that in the number seven, there are TWO THREES and ONE OVER. This symbol first occurs in the number of days used in the creation of this world; for it is written that God worked six days, and on the seventh day He ended His work, and rested the Seventh day from all His work. And as we observe the repeated use of the number "Seven," throughout the Scriptures, we are brought to realize that it signifies the process of salvation. And has its climax as a symbol of Perfection in the last unit which serves as a capstone on the whole. Realizing that salvation is wrought by the co-operation of a Triune God by His Grace, responded to by faith in the Triune Creature, we arrive at the conclusion, that the first three units of the seven, represented the work of the Triune God, and the next Three units represented the responsive co-operating faith

tion, it was in order that they should shout: yea, with a great shout of Pentecostal power they overthrew and took Jericho, a city of the Canaanites, descendants of Ham, types of the world, the Flesh and the Devil. Some have thought that Canaan was a type of Heaven. But it was far from that. The crossing of the Jordan River, was a type of the entering into experience of sanctification, and the conquest of Canaan was a type of the power, labor and warfare of the Holy life in faithfulness to God. His cause and kingdom in the earth. It's true, that Canaan being a type of the sanctified life, which is the earnest or foretaste of Heavenly Joys; the fullness of which we are to receive in the world to come. But just as the Israelites became strong and courageous on entering the promised land, likewise did the one hundred and twenty disciples of Jesus receive power when promise of the Father, the Baptism of the Holy Ghost, had come upon them. And whosoever has sought and obtained the Baptism with the Holy Ghost from that day to this, and remained true, has been like the Israelites and the disciples, strong and active in the service of God.

This will be the last of this series of articles. I stop now to write a Book under the same title, following the same outline throughout the scriptures. May God bless the understanding of all those who may chance to read these articles or the Book. As I say goodbye I feel pressed by the Spirit of God to say, let no one suppose that because the truths contained for in these articles do not comport with their line of thought, that they may be disposed of by mere indifference. As sure as there is a God in heaven, and the Bible is His word, just so sure will the fundamental truth outlined in these articles meet you in the judgment of the last day.

Submitted in love and hope that your soul may be the better for having read them.

I am yours in Christ Jesus

## TO THE TEACHERS OF MEDINA COUNTY.

With the co-operation of teachers of Medina County, I propose to present a copy of a Webster's New International Dictionary, some school in Medina County, the Interscholastic Meet in Hondo next spring.

All the details have not been worked out, but the general plan is this. In order to stimulate an interest in the study of agriculture, the public schools, correlate the study with the farm life lived by the children, and give practice written English expression, I will furnish the manuscripts, published in FLETCHER'S FARMING composition each month on agricultural subject. The composition must be written by some pupil in this year's agricultural class, to be signed by the pupil writing it. Many members of the class as designated may contribute compositions, but would prefer that only the best product of the class be sent. Compositions should not exceed one thousand words, but special attention should be given to completeness of development of the subject, accuracy of statement of fact and correctness of composition. Manuscripts will be returned, become my property when submitted and if not used before the School Meet may be published at my discretion.

At the School Meet, three judges to be announced later, will take files of FARMING containing the articles published up to that date and award the dictionary to the winning school. A five year's subscription to FARMING will be awarded to the boy or girl who writes the winning composition.

This, in brief, is the plan. I am late in announcing it and if any gets into the November number they must hurry in with their composition. Don't wait for further details, but send in your compositions immediately and call on me later for any further details desired. Yours for a better agriculture,

Publisher.

## HONOR JUDGE L. J. BRUCKS.

Last Friday night a number of the members of the Uvalde Bar gave banquet in honor of District Attorney L. J. Brucks of Hondo. Judge Bruck's term expires this year and he will be succeeded by Judge W. C. Baker of Kerrville.

The banquet was held at the Sunshine Dining Room and it was an excellent repast. Judge L. J. Bruck was appointed chairman and spoke of the excellent record made by the guest of honor as prosecuting attorney for the 38th district, a position that he had filled for 14 years. He had made a good prosecutor and given the State good and efficient service. Judge Martin spoke of his own experience as a public prosecutor and of the limitations that seemed to hamper the State in the prosecution of law breakers. Judge Bruck spoke highly of Judge Bruck as a lawyer and said that he would always have the friendship and esteem of the members of the Uvalde bar. Judge G. B. Fenley also reviewed his acquaintance with Mr. Bruck, dating back to the time when it was Editor Bruck of Hondo. Judge D. Love also paid the retiring district attorney many compliments as a lawyer and public official who always attended to his duties and given faithful and diligent service.

Judge Bruck responded to the many kind expressions that had been spoken in his behalf. His association with the members of the Uvalde bar had been very pleasant and he would always gratefully remember this evidence of friendship and appreciation that had been extended to him.

The members of the Uvalde bar present and giving the banquet were L. J. Martin, G. B. Fenley, G. B. Fenley, Jr., D. H. Jones, W. D. Love and Will Glover and H. C. King. P. Hornby was an invited guest. Uvalde Leader News.

A. J. Graff and little son, Ralph,  
paid the office a visit and had the  
subscriptions of both the Hondo  
Anvil-Herald and FARMING moved  
up another notch. Ralph insisted  
on his father waiting until the press  
started to work for he would like  
to see how the papers are printed.  
About that time Mr. McGary said  
to the little fellow that there is a  
place down the country where there  
are a bunch of red pigs and that he  
will go down there now while there  
is no one at home and get one of  
the pigs. Immediately the little fel-  
low insisted on his father going home.  
The little fellow might have used a  
wise head; for we know fat hogs are  
often taken out of the lot in cool  
weather.

W. K. Mask and his grandson,  
Jessie Mask, were up from Jourdan-  
ton Saturday visiting old friends,  
and incidentally Jessie took back  
with him a new Ford car purchased  
from Carter & Bader. Mr. Mask  
says Atascosa County is thriving and  
prosperous, and the country rapidly  
developing.

Dr. J. W. Nixon was a caller at  
this office the first of the week and  
placed a posted notice in the paper.  
The Doctor says he has a fine crop  
of wild turkeys and that they have  
been so helpful in keeping down the  
grasshoppers that he wants them  
protected.

The Hondo Basket Ball girls went  
over to Trio School in Uvalde Coun-  
ty Saturday for the first matched  
game played this season. Hondo was  
defeated by a 13-6 score. Miss Sadie  
Earnest, one of Hondo's popular girls  
is a teacher at this school and no  
doubt has put some of her basket  
ball pep and enthusiasm into the  
Trio team.

Bailey Rogers had the misfortune  
to have his car stolen in San Antonio  
a few days ago. The car was practi-  
cally a new one. He left the car a  
few moments, taking the key with  
him, but his precaution did no good.  
When he returned to where he had  
left the car it was gone and as far  
as we have been able to learn, no  
trace of it had been found up to  
Friday.

Quite a bit of excitement was  
created here Friday evening of last  
week when the screeching of the fire  
alarm on both fire engines informed  
our people that the fire boys were  
making a run. A large crowd turned  
out to witness the "fire" but it  
proved to be only a practice run to  
the fire-plug at the Anvil Herald  
corner. After giving a practice drill,  
much to the delight of the people,  
with Hondo's new apparatus, the  
company returned to quarters.

M. T. Schuchart came through  
last Thursday and stopped over for  
the night with his Cattleman brother,  
A. J. Graff. After supper the two  
men took a ride through the country  
in Graff's big bus. When they got  
back home they talked the lamp dim.  
Mr. Schuchart has just returned  
from a trip over the big western  
ranches and enjoyed his trip very  
much. Friday morning, Mr. Schu-  
chart hopped into his Essex and  
headed for Cliff. He enjoyed his  
visit so well that the sleep he lost  
the night before didn't seem to bother  
him.

L. E. Kollman, a recent acquisition  
to Hondo's citizenship, was a caller  
at this office yesterday and set a  
worthy example in good citizenship  
by enrolling on the Anvil Herald's  
list of readers. Mr. Kollman came  
to Hondo from Mexico, and has pur-  
chased the Fritz Frerichs and the  
L. F. Peters farms north of Hondo.  
Later he expects to buy or erect a  
residence in town and manage his  
extensive farm interests from here.  
This paper takes pleasure in welcom-  
ing Mr. Kollman and his family to  
the community and hopes his invest-

may prove profitable.

he will have his trial at the present  
term of the district court.

It tried mighty hard to rain here  
Thursday and for a while it looked  
like the reputation for having a  
rain each term of district court  
would be lived up to, but it is clear  
again.

### ARE YOU GOING TO VOTE?

Elsewhere in this paper will be found a sample of the official ballot just as it will be used in the Hondo Justice of the peace precinct.

Of course, it will vary for the rest of the county only to the extent that changes necessary for the various precincts require; in other words, the state, district and county tickets will be the same on the ballot you will use in voting as the sample printed herewith.

The County ticket and precinct ticket for Hondo being both in the independent column, it will have to receive attention aside from the state ticket.

Only one county office is contested and the voter will have to scratch one or the other contestant to make his vote count for the other.

The same is true of the commissioner's and the justice of the peace's offices.

However, in the Public Weigher's race there are four contestants and three must be scratched.

In preparing a ballot you scratch out those you are against and leave only those you are for.

There are only three state tickets, Democratic, Republican and Independent Progressive.

To the voter voting a straight party ticket the matter is a simple one of striking out the other two state tickets and leaving untouched his party ticket.

But from all accounts there is going to be more mixed ticket voting this year than since the adoption of the blanket ballot.

Judging from sample ballots being sent promiscuously about, the Robertson people almost to a man are going to violate their pledge made in the Democratic primary and vote for Butte for Governor.

There is nothing save a supple conscience to prevent their doing this; therefore, if the people who nominated Mrs. Ferguson in August expect to hold the fruits of the victory won then THEY MUST go vote for her at the November election.

They can not expect her to be elected unless they do.

Party lines in so far as the governorship is concerned are eliminated in all respects save the party name, and it is the old fight over again as to which side shall rule—the people or the subjects of the invisible empire of the ku klux.

These are the bald, brutal facts.

There is no avoiding the issue; to fail to vote and stand with the people is to stand with the "invisibles."

It is up to every man and woman to do his or her duty.

Need you any thing more to arouse you to act?

PAYING UP TIME.  
The harvest time of the year is  
now well advanced and nature's  
bounty has been generous to most of  
our people. Only victims of un-  
avoidable misfortune or profligate  
extravagance are without some  
means. So while enjoying this pros-  
perity, share a part of it with your  
local paper. If a subscriber, renew  
without waiting for us to hunt you  
up with a statement. If not a sub-  
scriber get on our list and help us  
to finance the business. Your patron-  
age is always appreciated and  
helps us to build up and maintain a  
printing and publishing business in  
keeping with the needs of the town  
and county. In renewing or sub-  
scribing for this paper, also keep in  
mind that for only 50 cents more  
Anvil Herald subscribers get FARM-  
ING, our monthly farm and home  
magazine—all printed here at home  
and not away up north,—for a year.  
This gives you your local newspaper  
and a family magazine both for only  
\$2.00 a year, the price usually  
charged for a county seat weekly  
alone.  
So while enjoying the fruits of  
your bountiful harvest do not forget  
to square up with your printer.  
Thanking you in advance, we are,  
Yours for the best service possible,  
THE PUBLISHER.

## SOUTHERN PACIFIC LINES. Passenger Department.

An entirely new Sunset Limited, running between San Francisco and New Orleans, will be operated by the Southern Pacific beginning Saturday Nov. 1 as the most modern trans-continental train in the country.

New equipment, of steel construction throughout, has been specially built for the Limited, with the view of providing every modern convenience for the comfort of travelers.

There will be a maid, barber and valet to serve travelers. Two cars of each train will be fitted with bath rooms, while other new features will make it truly a speeding hotel. The train will not carry tourists cars or coaches.

Running time and service of the Sunset Express also will be improved between San Francisco and New Orleans.

These two trains will greatly facilitate the handling of constantly increasing tourist and homeseeker travel to and from Pacific Coast states.

One hour and 15 minutes will be cut from the running of the Sunset Limited from San Francisco to New Orleans. The time of the Sunset Express will be shortened by one hour and 35 minutes.

The most modern Southern Pacific dining cars, with seating capacity for 36 passengers, will be used on the Sunset Limited. These cars have ceiling fans, larger kitchen ranges and additional refrigerator space.

Latest type club cars contain a bath for men and a barber shop with competent barber and valet in charge. This will permit passengers to arrive at destination with neatly pressed suits or dresses.

Each richly furnished observation car for this service will carry a maid, who also is a manicurist and hairdresser. In addition to drawing rooms, compartments and the observation section, this car will contain a retiring room and bath for women passengers.

## ABOUT GRADE CROSSINGS.

Statistics for last year show that people are being killed in the United States by trains at grade crossings of roads and streets at the rate of one every hour, and persons similarly injured seriously, who did not die, at the rate of one every fifteen minutes.

The necessities of the country and economic transportation require that all trains shall carry full capacity tonnage, and that they shall move as rapidly as is consistent with safety. It is out of the question for them to stop for crossings or even slow down, except in cities and towns, on approaching crossings.

The necessities of commerce have caused an enormous increase in the capacity of cars and in the number of cars hauled in a train, and they cannot be brought to stand-still in less than five hundred to one thousand feet, dependent on the kind and size of the train and its speed and the nature of the grade.

An automobile can ordinarily be stopped within twenty to thirty feet.

Strange to say, nine-tenths of the accidents occur at places where the view of the train by the automobile driver was unobstructed and the train could have been plainly seen and heard by the automobile driver from two hundred yards to one mile, and could therefore have been avoided by the slightest degree of care, and in no instance would the accident have happened had the driver of the automobile exercised ordinary care to look and listen for the train, stopping, if necessary, to listen or to get a view of the track. It is criminal negligence for an automobile driver to go into such a place of danger with other persons in his car without looking and listening for a train which is liable to pass at any moment. It involves no trouble, and a very slight loss of time, which in the greatest number of cases is of no value or importance to him. It is a serious loss to his family and to the country if the driver alone is killed or maimed, but when the lives and limbs of others in the car are endangered, his carelessness is still more serious. He has no right to place their lives at stake and to kill and maim them.

The ordinary grade crossings cannot be eliminated except at prohibitive expense, and Counties and Cities are creating them faster than they can be eliminated at present. Statistics made from official investigation show that it would cost twenty billions of dollars to eliminate all the grade crossings in the United States, which is probably as much as it would cost to replace all the railroads.

There is but one remedy for this appalling loss of life and limb and this enormous expense to the people and the railroad companies (the expense to the railroads is paid by the people,) and that is to force the automobile driver to exercise ordinary care in approaching these grade crossings, since after ten years of trial he has refused to do so and has grown more reckless each year. He cannot be compelled to exercise care, of course, except by law.

Other States have recently enacted statutes compelling automobile drivers, except in special instances, to stop and look and listen before going upon the track, and in such States the law has worked well.

## QUIHI NOTES.

Next Sunday morning at 10 o'clock the annual Reformation day service will be held in the New Fountain Lutheran church. Immediately following this service the Holy Communion will be celebrated. All are cordially welcome at all services in this church.

Reformation day service will be also celebrated in the Quihi Lutheran church at 2 p. m., next Sunday. The Holy Communion will be celebrated here also immediately after the sermon. A cordial invitation to all services in this church is extended to all.

The Reformation, observed annually by a special service in many churches and otherwise, was beyond question one of the greatest and most influential events recorded in history. The Reformation day services have therefore too been always correspondingly interesting and replete with historic data.

Preparations for the coming bazaar on Thanksgiving day are progressing nicely. Mr. Miller of Hondo has volunteered to light up the grounds by a demonstration of the Delco electric system.

### DINNER AND BAZAAR A SUCCESS.

The Ladies of the Catholic church of this place gave a dinner to the public and conducted a bazaar at the rest room Tuesday of this week. The dinner was generously patronized by the public, regardless of religious affiliations, and resulted in netting the handsome sum of \$515.00 which will be used by them in promoting the various church activities of the parish.

The ladies are very grateful for this generosity towards their bazaar and dinner.
